ABOUT US

WHO WE ARE

Al-Refaey Law Firm and Legal Consultancy delivers integrated legal solutions in Egypt and across the Arab region, spanning litigation, legal advisory, company formation, and contract drafting, as well as corporate governance, tax, capital markets, fintech, and cybersecurity. The firm is distinguished by its deep specialization in intellectual property, backed by academic and practical experience before courts at all levels and arbitral tribunals.

Our Expertise

We provide an integrated legal framework that supports businesses at every stage, from establishing and licensing companies, facilities, and factories and drafting their contracts, to labor law, legal advisory, asset protection, and dispute resolution. We manage the entire intellectual property lifecycle, from registration to enforcement and commercial licensing, alongside tax advisory and appeals, administrative justice, cybersecurity, and litigation before courts at all levels, safeguarding our clients' business continuity and maximizing the value of their assets.

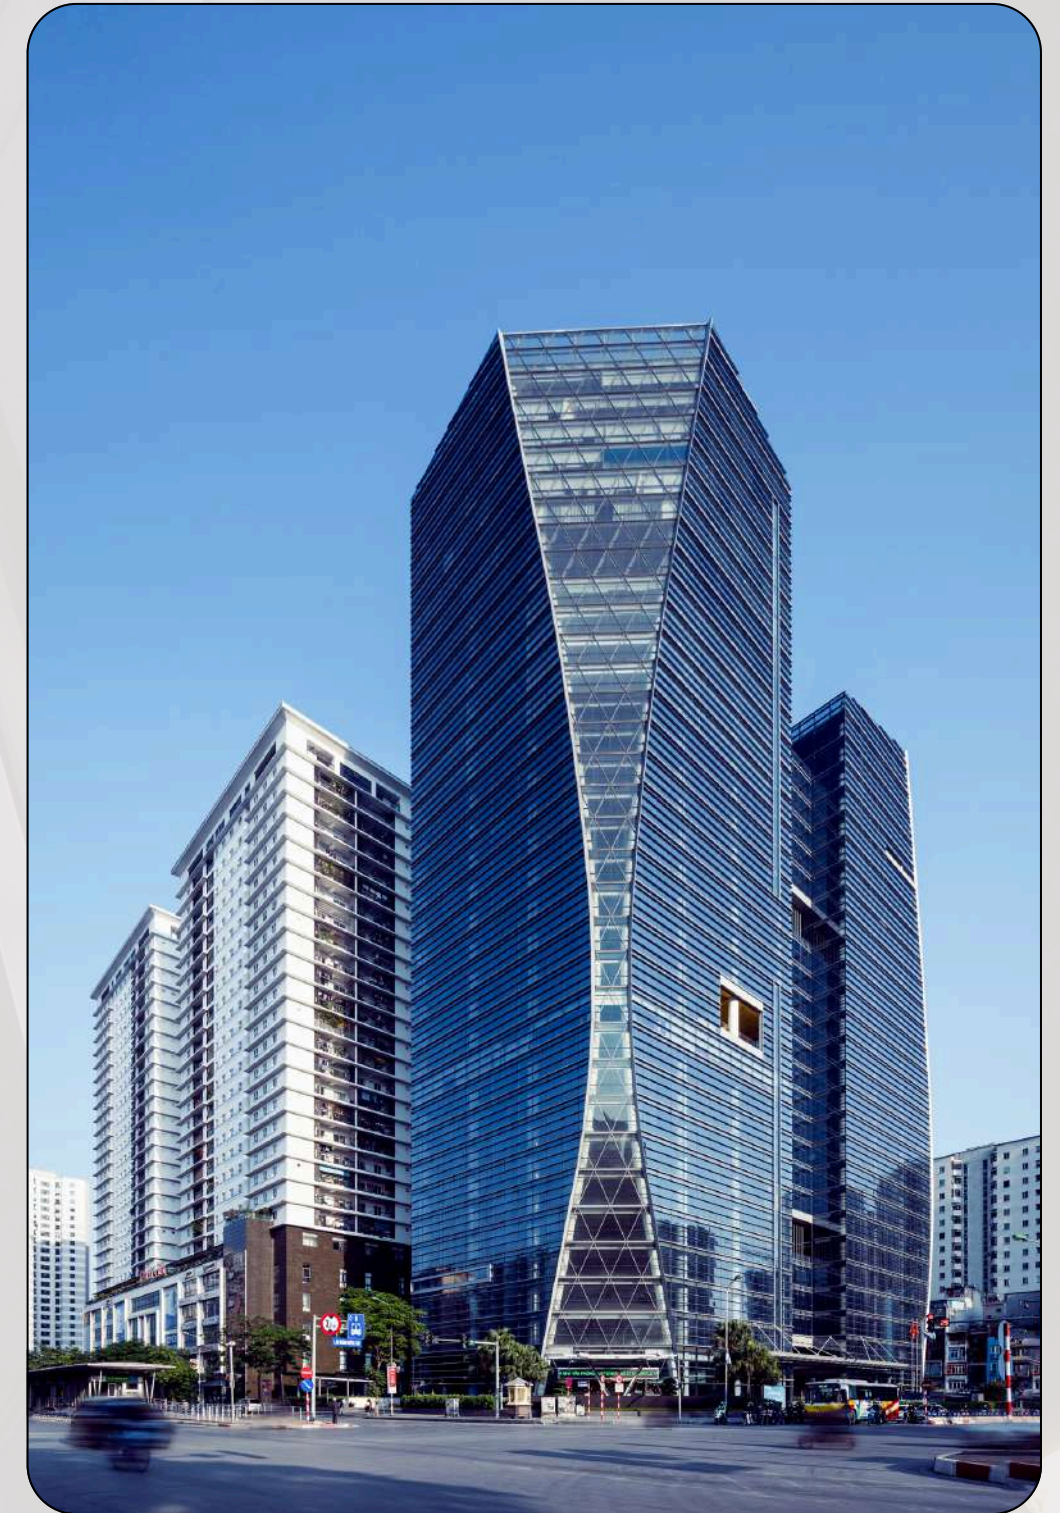

OUR MISSION

To be the first choice in the Arab region for integrated legal solutions, recognized for professional excellence and innovation in protecting rights and supporting business growth.

OUR VISION

We provide integrated legal services covering litigation, legal advisory, company formation, intellectual property, contracts, governance, fintech, and cybersecurity. Drawing on solid academic and practical experience, we guide our clients from establishment and licensing through to protection and growth. We manage legal risks with precision and safeguard our clients' rights, and our own, with commitment and efficiency.

Why Al-Refaey Law Firm?

Tailored Legal Strategies

We deliver customized legal solutions designed to protect your rights, strengthen your business, and address the challenges specific to your industry, from company formation and contracts to litigation and intellectual property.

Specialized Legal Expertise

Our precise legislative background enables us to navigate the differences and overlaps between the laws governing your business, from intellectual property, corporate, and contract law to tax, capital markets, and fintech.

Advanced Proactive Protection

We identify legal risks early and implement strategic solutions, including sound contracts, compliance, and governance, to prevent disputes before they arise.

Integration of Expertise and Technology

We combine legal expertise with advanced research tools to deliver accurate, efficient, and timely solutions across all our practice areas.

Al-Refaey Law Firm

Our Legal Services

Litigation and Judicial Representation

We represent clients before courts at all levels, arbitral tribunals, and administrative authorities across civil, commercial, tax, labor, administrative, cyber, and intellectual property disputes. We develop strategic, results-driven legal solutions to protect, enforce, and defend our clients' rights across jurisdictions, with professionalism, precision, and unwavering commitment.

LEGAL CONSULTATIONS

We provide proactive legal solutions and insights that support your investment, business, and personal decisions. We study and analyze all legislative aspects of your matter, from corporate, contractual, and tax implications to labor, regulatory, intellectual property, and digital risks, to assess exposure and provide complete legal protection that lets your operations proceed with confidence and security.

INTELLECTUAL PROPERTY

We manage the entire intellectual property lifecycle, from registration and strategic portfolio management to judicial enforcement and commercial licensing. Our work covers patents, trademarks, industrial designs, trade secrets, copyright, geographical indications, and plant varieties, helping you turn intangible assets into protected, valuable business capital.

I P ENFORCEMENT

Our specialized enforcement team has extensive experience in combating infringement, unfair competition, and piracy. We provide comprehensive legal representation before courts, arbitral tribunals, and administrative authorities. Using effective mechanisms such as interim injunctions, inspection and seizure raids, and advanced litigation strategies, we deter infringers and protect our clients' trademarks and innovations.

Company Formation

We accompany you from the first idea of your investment project to its actual launch and beyond, providing comprehensive corporate structuring services across all legal forms. We draft incorporation contracts and articles of association, secure commercial licenses and operating approvals, and set up the governance, tax, employment, and intellectual property foundations your company needs, ensuring a strong, stable legal entity that protects the partners and supports growth.

Facility and Factory Establishment & Licensing

We guide investors through the legal and regulatory requirements of establishing and operating facilities and factories, including permits, licenses, and approvals from the competent authorities. We manage the process from site and entity setup to final licensing, so your project launches on a sound and compliant footing.

Corporate and Board Governance

We help companies build governance frameworks that strengthen transparency, accountability, and sound decision-making. We advise boards and shareholders on their duties and powers, draft internal regulations and policies, and support general assemblies and board processes in line with applicable laws and best practices.

Contract Drafting

We draft and review contracts with precision, translating commercial understandings into clear legal terms that safeguard your interests and anticipate potential disputes. From shareholder and partnership agreements to commercial, licensing, and employment contracts, we build agreements that are balanced, enforceable, and tailored to your business.

Labor and Employment Law

We advise companies on employment relations, from drafting contracts and workplace policies to managing terminations and resolving labor disputes. We help employers maintain compliance with labor legislation and build stable, well-regulated work environments that reduce legal risk.

Tax Advisory and Appeals

We provide tax advisory services that help you understand your obligations, structure your transactions efficiently, and reduce exposure to disputes. When disagreements arise, we prepare and pursue objections and appeals before tax committees and courts, defending your position with sound legal and financial analysis.

Restructuring, Preventive Settlement and Bankruptcy

We help companies facing financial distress choose the right path to preserve their value and continuity. We guide debtors and creditors through restructuring, preventive settlement proceedings, and bankruptcy, aiming to protect assets, reach balanced solutions, and secure the best possible outcome for all parties.

Cybersecurity and Cybercrime

We advise on digital legal risks and help organizations and individuals confront cybercrime, data breaches, and electronic fraud. We support you with preventive compliance, evidence preservation, and legal action against offenders, ensuring your digital assets and reputation are protected.

Al-Refaey Law Firm

Our Team

Al-Refaey Law Firm

Dr. Ahmed Maher Refaey
Founder and Manager

Dr. Ahmed Maher Refaey is an attorney at law registered with the Egyptian Bar Association and a prominent legal academic, who leads the team at Al-Refaei Law Firm and Legal Consultancy, which provides integrated legal solutions to individuals and companies in Egypt and across the Arab region. His practice spans litigation, legal advisory, company formation, contract drafting, and corporate governance, and he is distinguished by his deep specialization in intellectual property.

Dr. Ahmed Maher has appeared before all levels of court in Egypt and has practiced arbitration in major intellectual property cases. Drawing on this practical experience, he advises clients on protecting, managing, and enforcing their rights and assets, and on securing their businesses legally and preventing disputes before they arise, both within Egypt and regionally.

Dr. Ahmed Maher holds a Ph.D. in Intellectual Property Law from the National Institute of Intellectual Property at Helwan University, and an LL.B. from Cairo University. He has served as a visiting professor and an accredited dispute resolution arbitrator at the National Institute of Intellectual Property. He has authored numerous legal publications, most notably: Trademarks: From Concept to Protection, The Legal Protection of Industrial Designs, and Intellectual Property among Ancient Egyptians.

Alongside his professional and academic career, he plays an active community role as Chairman of the Board of the Scientific Society for Intellectual Property in Egypt, through which he contributes to specialized training programs that spread the culture of intellectual property and build legal awareness among companies and creators

Al-Refaey Law Firm

Dr. Emad Eldien ElHadedy

Head of Litigation Team

Dr. Emad Eldien ElHadedy is a prominent legal and academic consultant with extensive and deep expertise in the field of law, particularly in intellectual property rights protection. His expertise extends to contract drafting, litigation before the courts, and administrative appeals, and he places these combined skills at the service of the clients of Al-Refaei Law Firm and Legal Consultancy, advising on legal matters and on protecting, managing, and legally securing innovations and intangible assets.

He holds a Ph.D. in Intellectual Property Protection Law from the National Institute for Intellectual Property at Helwan University, and an LL.B. from Ain Shams University. He has served as a visiting professor and certified dispute resolution arbitrator at the National Institute for Intellectual Property, Helwan University, an experience he draws on to help clients prevent and resolve disputes.

He also has a rich academic portfolio comprising numerous peer-reviewed research papers and two prominent books: The Legal Framework of the International Exhaustion Principle in Pharmaceutical Patents and The Protection of Medical Innovations within the Framework of Intellectual Property Rights, which reflect his specialization in intellectual property for the pharmaceutical, medical, and innovation sectors.

Alongside his professional and academic career, he has a strong track record in delivering specialized training programs and plays an active community role as Vice Chairman of the Board of Directors of the Scientific Society for Intellectual Property in the Arab Republic of Egypt, through which he contributes to spreading intellectual property awareness and culture.

Dr. Fatma El-Araby

Head of IP Team

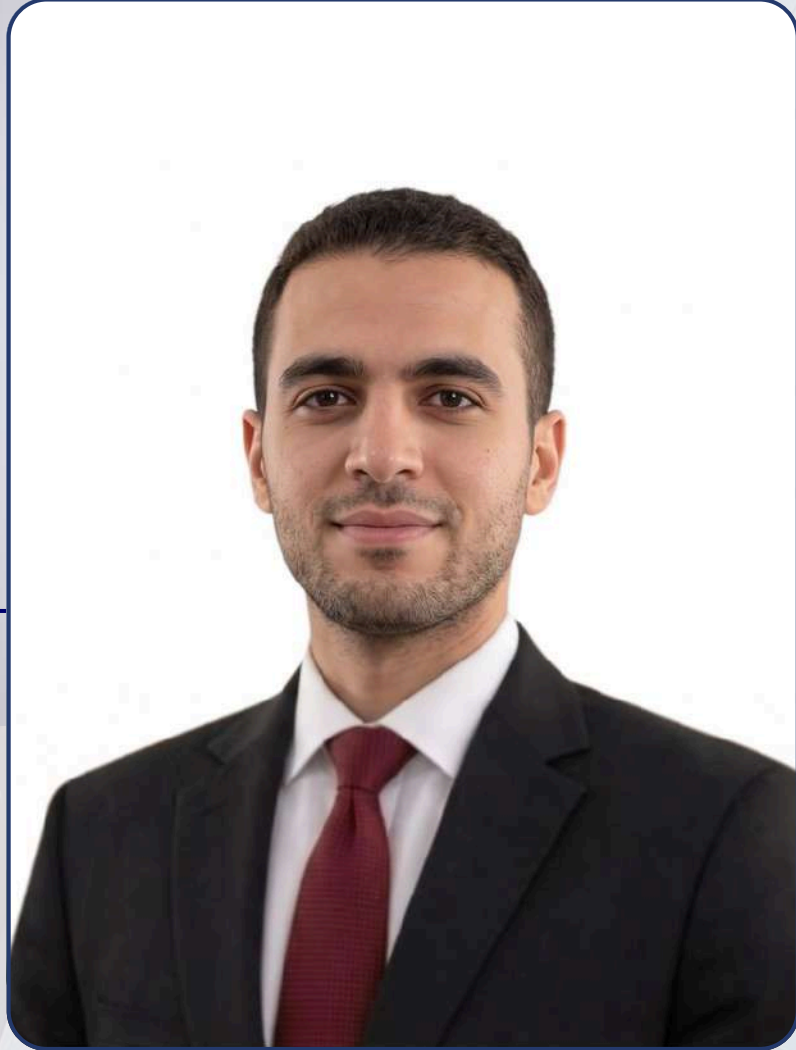

Dr. Fatma Al-Araby is a prominent legal consultant specializing in intellectual property, boasting over 25 years of extensive experience in handling cases and investigations, along with a proven track record of providing legal consultations to numerous companies and institutions.

Dr. Fatma holds a Ph.D. in Intellectual Property Law from the National Institute of Intellectual Property at Helwan University. She has served as a visiting lecturer at the Faculty of Law, Helwan University, and as an accredited lecturer and trainer for the World Intellectual Property Organization (WIPO) and the National Academy for Intellectual Property in Egypt. She has delivered numerous training programs to promote legal awareness and authored several peer-reviewed research papers and prominent books, most notably: "The Nullity of Patents in Egyptian Law - A Comparative Study" and "Real Estate Tax: Methods for Estimating the Tax Base and the Resulting Legal and Practical Problems."

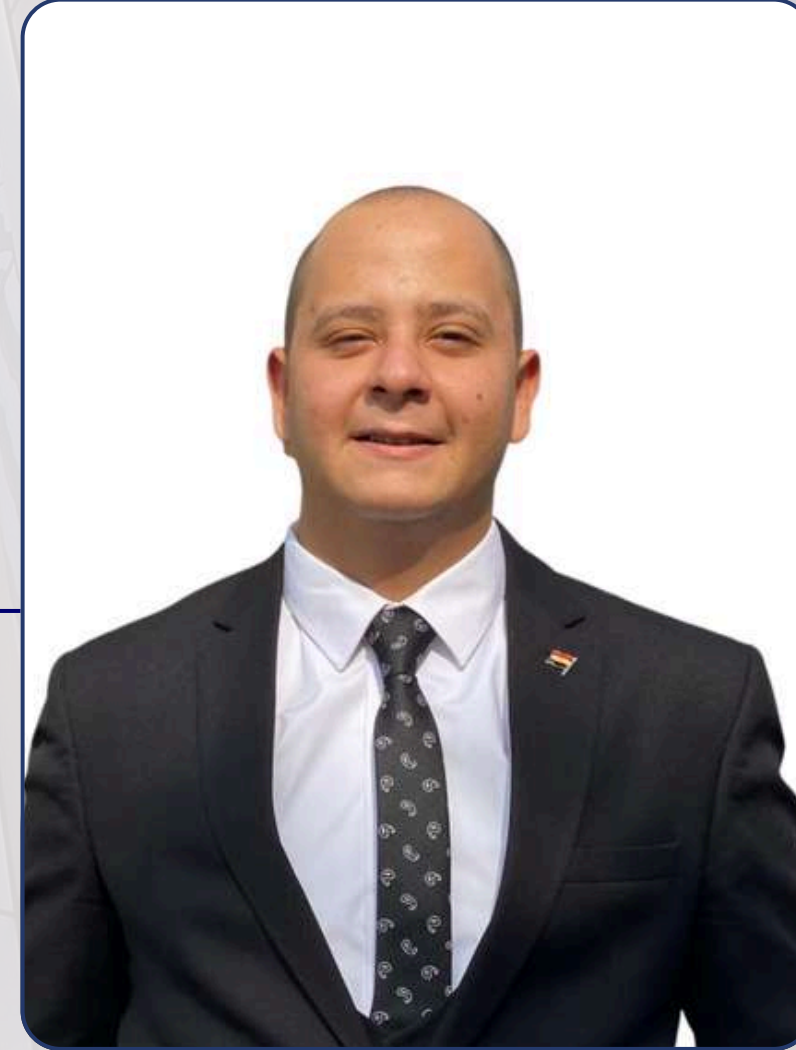

Dr. Fatma plays an important community role as a board member and Treasurer of the Scientific Intellectual Property Association in the Arab Republic of Egypt, through which she contributes to various activities aimed at spreading the awareness and culture of intellectual property.
